EXPERIENCE

Concourse Restaurant Moderne, 10195 E 29th Drive Denver, CO 80238 — *Host and Barista*

May 2018 - August 2018

Over the summer before my senior year, I worked as a host and barista at a French American restaurant. I enjoyed my time there and was able to learn a lot about the ins and outs of working in a restaurant. I received strong guidance and practice in customer courtesy.

The Denver Center for the Performing Arts Education, 1101 13th St, Denver, CO 80204 — *Technical Theatre Intern*

November 2017 - May 2018

The Bring Back the Arts Internship Program director Mr. Greene visited, my art class and I submitted an application to him. The program only takes a handle of students from each high school and I was one of two students selected from George Washington. Mr. Greene then decides the specialty the student will go into based off their interests and past experience. I was given the opportunity to be I Technical Theatre Intern for the Denver Center for the Performing Arts Education after school and, or on weekends. I learned, moved, painted and put together different stage designs, green screens, and props with Technical Director, Stuart Barr. I also learned about running stage lights. I assisted Milissa Sumner the Office Manager. Organizing, putting up signs and banners. I organized The Bobby G Awards for Colorado high schools. I painted and created props for the Middle School Teen Company play.

Career Connect, 655 S Monaco Parkway Denver, CO 80224 and Denver International Airport, 8500 Pena Blvd, Denver CO, 80238 <http://gwhs.dpsk12.org/careerconnect/>

October 2017 - May 2018

Career Connect is a program at my high school to help prepare students with mentors from partner companies or higher education institutions along with workplace experiences. At the time, I was taking a business management class so I have the opportunity to apply for Business Connect. I was 1 of 10 students to be accepted into the course. We partnered with United Airlines each with our own mentors and learned the behind-the-scenes of the business.

PROJECTS

The Younger Generation's Future of our World — Service Project guided by IB requirements

2018

Myself and a co-leader organized and conducted a project which included service and creativity. We lead discussions with younger kids at our community rec center about issues in our world. We asked them about what they learn in school about what is going in our world. Such issues as, global warming, school shootings, poverty, homelessness, discrimination to different races or religions or immigrants. We then suggested ways we as kids and teens can help such issues like giving out food to the homeless, taking part in volunteering, learning new languages for better communication with those from other countries, and more. The kids then drew pictures of their future and how they wanted their world to be, solving some of the issues in their own ways.
